Important information for people 65 or older
and their children and relatives:

Protect your income and savings against big hospital bills

\$10,000 Medicare

- Pays you **IN ADDITION** to all other insurance.
- **GUARANTEED RENEWABLE** for life or until \$10,000 paid per person.
- **Underwritten by old, reliable legal reserve life insurance company founded in 1928.**

This message is of special interest to men and women 65 or older who are automatically covered by the U.S. Government Medicare Hospital Plan.

It tells about the wonderful new \$10,000 American Life Medicare Supplement Plan which gives you full protection, in accordance with the benefits described, against big hospital bills.

It pays hospital costs which Medicare does not cover.

U.S. Government Medicare Plan A pays only **PART OF THE COSTS** after 60 days and **NONE OF THE COSTS** after 90 days of hospital confinement. This is why it is important that you have the full, low-cost additional protection of the new American Life Medicare Supplement Plan.

We never know when one of a score of diseases or accidents may strike, requiring a long hospital stay—such as heart attack, stroke, cancer, vascular disorder or a broken hip. Statistics show that people 65 years or older are hospitalized at least twice as long as those under 65.

How about you? Do you have enough income to cover big, unexpected hospital bills? Do you have enough savings to handle such long-term emergencies which could cost you thousands of dollars?

Just one long hospital stay may plunge you into poverty, cause you to lose your life savings and make you dependent on others.

But you need not be exposed to these hazards!

Now . . . for only \$2.50 a month per person . . . you can protect your income and your life savings against such perils with the new \$10,000 American Life Medicare Supplement Plan.

This new, low-cost plan pays up to \$10,000 tax-free benefits per person under an easy-to-understand policy. The money is paid directly to you (or to the hospital, if you prefer). No matter how long you stay in the hospital, there's no time limit for each confinement up to \$10,000 total benefits per person.

SONS, DAUGHTERS, RELATIVES: You can protect your loved ones 65 or older against the burden of a big hospital bill (as well as a drain on your own income and savings) by taking out a policy for your parents or relatives **NOW**. Just fill in the application form today and have the person to be insured sign it. We will gladly bill you for the low quarterly, semi-annual or annual premiums after you have received your policy.

**YOU CAN ...NOW
FOR ONLY \$2.50
PER MONTH WITH
AMERICAN LIFE'S**

Supplement Plan

The present enrollment offer is open for a **limited time only**. Regardless of whether you participate in the U.S. Government Medicare program (if you are under Social Security or Railroad Retirement you are automatically covered by the U.S. Medicare Plan A insurance), you are eligible to enroll under the American Life Medicare Supplement Plan. But you must enroll **now** to collect the benefits. As long as you are 65 years or older, there's no age limit. Both husband and wife can enroll (a spouse can join when reaching 65) and enjoy equal benefits for the same low premium per person.

Upon acceptance of your enrollment, we will send you your American Life Medicare Supplement Plan Policy and your Hospital Identification Card. You will also receive a premium payment notice covering the first quarterly premium at the rate of \$2.50 per month per person (the cost will be even lower if you pay the premium for six months or a year). Upon receipt of the policy, if you are not completely satisfied, you owe nothing.

Don't risk your income and your savings. Don't saddle your children or relatives with your hospital debts. Don't miss this wonderful opportunity to be financially independent.

Sit back and relax while Niagara Cyclo-Massage helps Melt Away Minor Aches, Pains, Everyday Tensions in Minutes

by Arthur Godfrey

When I tell you about the results you can expect from Niagara Cyclo-Massage, I am speaking from personal experience.

I've been using it for more than 7 years.

You've got to feel it to believe it

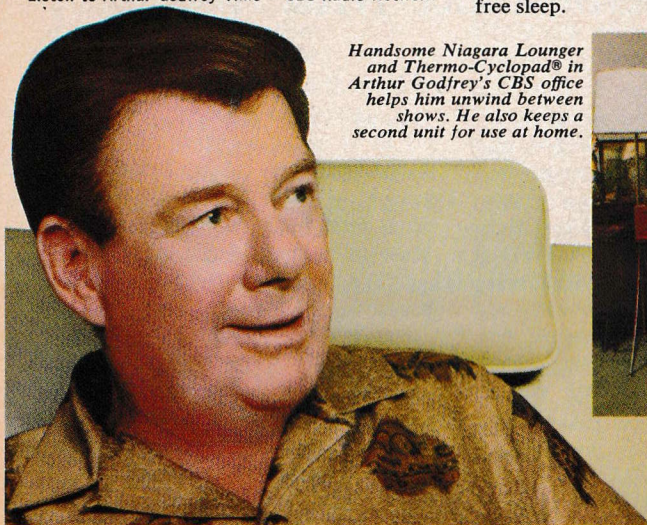

Nervous fatigue, tension, minor muscle aches and pains literally melt away while you just sit back and relax. That's what happens when Niagara's amazing Thermo-Cyclopod® goes to work with its unique combination of soothing heat and gentle, penetrating massage.

By using Niagara Cyclo-Massage daily, I find that my work load seems lighter. I sleep better, and fall asleep more quickly. It's a marvelous relaxer. It increases my blood circulation, too.

As you know, I've got two pretty badly banged-up legs which hurt a good deal of the time. And while Niagara Cyclo-Massage can't cure, it certainly helps to ease them. I'm told it also helps folks who suffer from the minor pains of Arthritis and Rheumatism, whenever they occur.

If you would like more information, just mail the post-paid card to me c/o Niagara. You'll receive by mail an illustrated 16-page color book, without obligation.

How to Transfer Designs

This month's transfer pattern features the ever-popular colonial designs for use everywhere in your home along with cute and clever marine designs—all of which may be embroidered or textile painted.

In using an iron to transfer design to material make a test first to determine proper heat and time required. First, heat iron very hot but safely below scorching. Next, cut a small test design and place it (red side down) on material. Protect fabric by placing tissue paper, brown wrapping paper or a press cloth over design. Then press, moving iron constantly over surface to distribute heat evenly. If iron is at proper temperature, several seconds are required; if not hot enough, it may take a minute or more to get a good stamping. The stamping comes off SLOWLY and is faint at first. Press until as clear as desired.

When test results are satisfactory, cut out desired design and pin or baste in place, proceeding as described above. Additional stampings come off more quickly if made before pattern cools off.

These designs may also be traced onto fabric by using carbon paper, a tracing wheel, or by rubbing stamping wax over perforations left by an unthreaded sewing machine.

Bugles blowing and drums beating lead the way for a patriotic parade featuring the historical liberty bell (crack included) and two versions of the famous eagle complete with ribbon and stars. Use the bell or eagles to frame for a lovely picture to complement your decor. Combine other early American designs to decorate a bed-

To complement the traditional holiday dinner, serve an all-time favorite—custard.

Serve triple-decker Black Bottom Pineapple Bars with coffee or eggnog.

Black Bottom Pineapple Bars

- 1 (1-pound 4½-ounce) can crushed pineapple
- ⅓ cup sugar
- 3½ tablespoons cornstarch
- 1¼ teaspoons salt
- 1 tablespoon lemon juice
- ⅓ cup plus 2 tablespoons butter
- ⅔ cup brown sugar (packed)
- 2 egg yolks
- 2 cups sifted flour
- 2 teaspoons baking powder
- ½ cup chopped walnuts
- 1 (6-ounce) box satin glazed chocolate pieces, melted

Combine undrained pineapple, sugar, cornstarch and ¼ teaspoon salt. Cook, stirring, over medium heat 10 minutes, until very thick and clear. Add lemon juice and 2 tablespoons butter. Cool slightly. Combine ⅓ cup butter, brown sugar and egg yolks, blending until fluffy. Add flour resifted with baking powder and 1 teaspoon salt. Blend to crumb consistency. Remove half of crumbs and mix with walnuts. Mix melted chocolate with remaining crumbs; pat in even layer in 9-inch square pan. Bake in moderate oven (350°F.) 5 minutes. Spread with pineapple filling and top with walnut crumbs. Return to oven and continue baking 35 to 40 minutes, until filling is set. Cut when cold. Makes 2 dozen bars.

Chocolate Ripple Cookies

- 1 cup butter or margarine, soft
- ½ cup granulated sugar
- ½ cup firmly-packed brown sugar
- 1 teaspoon vanilla
- ¼ teaspoon peppermint extract
- 1 egg
- 2 cups sifted all-purpose flour
- ½ teaspoon salt
- ½ teaspoon baking powder
- 1½ cups rolled oats

Beat butter until creamy; beat in sugars gradually. Add vanilla, peppermint extract and egg; beat until light and fluffy. Sift together flour, salt and baking powder. Add to creamed mixture; mix well. Stir in oats and nutmeats. Pour melted chocolate over dough, mixing only enough to give marbled effect. Shape in two rolls (each about 12 inches long) and wrap in waxed paper or aluminum foil. Chill thoroughly. Cut into ¼-inch slices and place on ungreased cookie sheets. Bake in preheated moderate oven (350°F.) 12 to 15 minutes. Makes about 6½ dozen cookies.

Cook 10 minutes longer or until silver knife inserted in center of custard comes out clean. Remove from oven. Cool and refrigerate, uncovered. Cut in squares or spoon into individual desert dishes. 34 • The WORKBASKET

Do I plant two roots of candle plant together? Where is best place to put them and should they be kept wet or dry? C. B., Oh.

I presume you mean some sort of Kleinia? Plant these singly in pots in mixture of 2 parts loam, 1 part sand and some crushed brick. They especially like dry air and bright sunlight.

The leaves of my Jerusalem cherry are curling up and turning yellow. There are also green lice on cherries. What is the cause and what can I do to prevent this? Mrs. C. M., Ill.

Your plant is infested with aphids (plant lice) that will kill it if you don't get busy. Use an aerosol house plant bomb and follow instructions carefully, or make a solution of Malathion and spray it once a week for three sprayings.

My Cereus peruvianus throws long shoots. Should these be cut off or left on? Last year it had a few long shoots which I did cut off, but it did not bloom. Could this be the reason? Mrs. B. P., Ill.

Very likely. Leave plant intact and feed it through summer for good fall bloom.

I have an orchid cactus that was given to me by a friend. I would like to know its correct name and how to care for it. Mrs. J. L., Mr. It is one of the Epiphyllum caeti. Put it in a mixture of 1 part fibrous loam, 1 part leaf mold, 1 part well-rotted barnyard manure and 1 part coarse, crushed brick. Add a handful of pea size natural charcoal chips to each pot. Fertilize plant with half-strength fish emulsion mixture twice each month and always keep it damp.

I have some witch-hazel seeds that are quite hard. How do you treat them before planting? T. E. M., Pa.

Pick slightly green seeds in August and sow in a deeply prepared outdoor bed immediately for good germination next spring. Mature seed is mixed with equal bulk of damp sand and peat moss and stored for 60 days at 68° at night, 86° at day followed by 60-90 days at 41°, then sow outdoors in spring for fair germination.

Garden questions are answered each month by DR. JOHN P. BAUMGARDT.

Care for Gift Christmas Plants

Enjoy Christmas gift plants all through the holiday season and in months to come by following a few simple rules to make plants feel at home in their new environment.

Azalea—If gift azalea was bought from a florist, it is probably a fairly tender type. However, some hardier types may be able to tolerate cold down to about 20 degrees. During remainder of cold weather, keep in a cool west, east or south light and sprinkle leaves each day to raise humidity. Water often enough so soil, which is probably peat moss, does not dry out. When weather begins to warm up, place plant outdoors in semi-shaded, moist area and continue watering and bi-weekly feedings until August. Before frost, bring plant indoors and keep in a cool place (50 degrees) until December. Then move to a location where there is more warmth and sunshine. Begin watering and spraying, buds will soon open.

Gift Plants

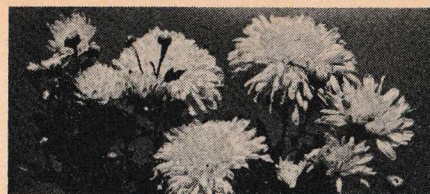

(Continued from Page 35)

Poinsettia—A Christmas favorite
that can provide colorful blooms up
until early March and again the fol-
lowing year. When you first receive
it, put it in the sunniest window
making absolutely sure it is out of
drafts and evenly watered. When
leaves do begin to fall, cease water-
ing and place in cool area (55°)
until spring. In spring, cut back to
six inches, re-pot in equal parts
garden loam, sand and peat moss.

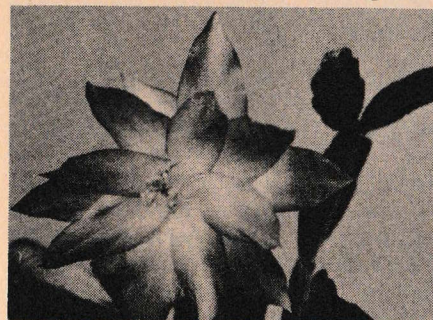

Place in sunny spot in house until
weather outdoors remains fairly
even, then move to a protected place
where it will have morning or after-
noon sun. In fall, bring indoors be-
ing sure to water and fertilize. Avoid
artificial light from sundown to sun-
up during September, October and
November as light at night prevents
bloom.

Chrysanthemum—This plant likes
lots of water and cool temperatures
(60-70 degrees) while blooming.
Early morning or afternoon sun will
help. When each bloom withers,
clip it off. When all blooms are
gone, cut back entire plant to an
inch or two from base. Leave plant
potted but set in frost-free base-

ment or garage keeping soil barely
moist. In spring, set plant out in
garden or begin to water it in pot.
When new growth is several inches
tall, take 4-inch cuttings and root
in moist sand. Pot rooted cuttings
five to an 8-inch pot. Keep moist
and feed bi-weekly throughout
summer. When weather turns cold,
bring plant inside, but at no time
when buds are setting on should
it be in artificial light at night.

Christmas Cactus—The secret
here is to forget plant is a cactus.
Instead treat it like a jungle plant,
keeping soil nicely moist all year
except in August, September and
October. During these months, with-
hold water and let growing medium
get nearly dry before adding more
moisture. Provide four or five hours
sun in winter, and some mixed sun
and shade in summer. The average
temperature range of living room
will be fine. In order to bloom well,
this plant needs natural short days
in autumn to set buds. This means
you will need to locate it in a spare
bedroom in September, October and
November where plant will receive
only natural light.

spread, curtains and pillow for a coordinated bedroom (especially good for that young boy). For these patriotic designs, red, white and blue would be a perfect color suggestion. However, if you would prefer a

shaded effect on the eagle feathers, work a satin stitch or long and short stitch from tip toward body gradually tapering to nothing. Gold and brown tones of thread or textile paints would prove interesting here.

Smart little sea horses along with fish and shells make a perfect design for an attractive shower curtain. Designs could be embroidered on a light weight fabric then attached to a plastic liner. Use other designs to co-ordinate your bath towels and curtains. Simple stitches such as outline, French knots, straight and satin stitch are suggested. Other possible uses for these designs are hand towels, sheets, blouses, childrens playsuits and sweat shirts.

Any of these fascinating designs could be textile painted a solid color and details embroidered a darker or contrasting color.

A tatted cross sewn to a baptismal towel makes a nice gift. For a book-mark add a tassel. It takes one ball tatted cotton in color or white and a tating shuttle.

Our Guarantee HERE IS WHAT THESE DOLLS ARE MADE OF

People seeing our ad, and not believing we can give such value, write us to ask what our 100 Dolls are made of. "Are they paper dolls, or rag dolls?" they ask. NEITHER! Each and every one of our 100 Dolls is made of GENUINE STYRENE and SYNTHETIC RUBBER, expensively molded in true dimension—Height, Width—Depth! Every doll has come out of an individual mold, manufactured out of high-impact styrene to resist breakage, and is life-like in its proportions. They are truly delightful dolls!
